Cell Solutions

# Cell Sourcing

## Apheresis Collections for R&D and cGMP

Fully characterized starting material that meets the highest standards

## Unlike Any Other

With decades of experience in clinical requirements and regulatory compliance, our team can advise the best approach to predict and achieve desired yield.

- Leukopaks, and hematopoietic progenitor cells, collected for desired yield with a focus on donor comfort
- Recruitment to matched specifications from a large, diverse donor pool
- Direct delivery to on-site processing, manufacturing, or cryopreservation
- Apheresis suites and licensed mobile nurses who can collect at point of care
- Dedicated staff manages donors beginning to end, maintaining full documentation
- Streamlined processes and experienced logistics to ship cells direct to client, worldwide
