

HLA Testing

Comprehensive Genotyping for Human Leukocyte Antigen

Trusted quality data from
laboratory experts you can trust

Longstanding Excellence

For more than 60 years, NYBCe labs have delivered regulatory-compliant data on the identity, integrity, purity and quality of cellular source material.

-  Full service HLA typing, from research to post-market surveillance
-  High-resolution Class I and II sequencing for 11 HLA loci
-  Audited by European Medicines Agency for commercial cell therapy
-  Fast turnaround, with results in 5-10 business days from sample receipt
-  Chimerism testing for engraftment monitoring and detection of cell line contamination
-  Only lab in the US accredited by the European Federation of Immunogenics
